Dear Jeff

I'm writing to tell you how pleased we have been with the upgraded Identitrip software which you recently installed.

The software is very quick and easy to use, and the reports provide useful information which is clearly presented. This is much easier and quicker than keeping spreadsheets of class lists as the reports are automatically updated each time a transaction takes place.

Receipts make it easy to track whether money has been collected as cheques or cash, which assists with meeting our Financial Regulations regarding the collection and banking of money.

We are particularly pleased with the facility which enables trip amounts for individuals to be varied and a comment added as this has made the product even more useful. The recording of cheque numbers and details has enabled us to track unpaid cheques which has been a problem in the past.

All in all, I would not hesitate to recommend Identitrip to other schools.

Yours sincerely

**Cath Smith
